Comment:
- Due to an in issue external to CH2M HILL, the Bureau of Land Management (BLM) has placed a temporary stop-work order on the project.
- Team travelled to/from the site and participated in 4 hours of HR training. There is a great possibility that there may be no work tomorrow.

- Mike Malko spoke with Dave Pappico of First Solar about the longevity of UXO support at the project site. He anticipates there to be an on-going need for UXO construction support with no end date in the near future.

Weather: High temperature today was +113 F.
